

CONFERENCE ANNOUNCEMENT

**“Subtitles and Language Learning”
Pavia 13th 14th September 2012.
www.unipv.it/sllconf**

The University of Pavia is hosting the International Conference “Subtitles and Language Learning”, whose aim is to disseminate the results of a three-year project - November 2009 – November 2012 - co-financed by the EU as part of the Life Long Learning Programme managed by EACEA (European Education, Audiovisual and Culture Executive Agency - Agreement Number 2009–4041/001-001, Project Number 504737-LLP-1-2009-1-FI-KA2-KA2NW).

Since a considerable number of EU projects confirm that subtitles provide a rich context for foreign language acquisition, all European and international researchers and teachers engaged in the study of the function of subtitles in second/foreign language learning are welcome to the conference.
