Expo Fine Arts in Lombardy

The 2015 Milan World Exposition, provides us with an excellent opportunity to promote Lombardy’s cultural, artistic, architectural and environmental heritage.

In the context of the Expo, a special programme of events has been planned with the aim of bringing the cultural and aesthetic value of Lombardy to a wider international audience. The programme was developed by Region Lombardy and the Organising Authority of the 2015 Milan World Exposition.

This rich and varied programme of events aims at raising the public’s awareness of the arts in general and at encouraging a greater number of visitors to see the art and culture there is in the region.

Aimed at all audiences, the programme includes an extensive range of free and ticketed events with something for everyone.

The diverse range of activities includes a wide variety of events such as exhibitions, shows, lectures, concerts and workshops.

The programme is designed to promote Lombardy’s cultural, artistic, architectural and environmental heritage and to encourage a greater number of visitors to see the art and culture there is in the region.
