Biology-Chemistry-Physics Laboratory Workshops

Dear Teacher,

Cambridge University Press and Loescher Editore is delighted to invite you to a morning of Professional Development involving Active Learning lab work for Biology, Physics and Chemistry to support teachers delivering the curriculum. Our subject experts will share practical laboratory techniques and activities, with a particular focus on Sciences. This is suitable for CLIL methodology and is perfect for subject teachers in Scuola Secondaria di 2° Grado.

Meet colleagues, receive specialist teacher support, share best practices and network with peers from Cambridge International Examination certified schools.
